**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11 December 2008 has been entered.

***Allowable Subject Matter***

2. Claims 1-48 are allowed.
3. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-48 is because the prior art of record, including Conan Gorshenev, Moulden, Mathews, Perugini, Packer and Klein do not teach a method or apparatus that performs a plurality of graphics tests sequentially and timing each of the sequential graphics tests to determine a time that each test takes to go across a virtual or communication channel and using that time to determine how well the graphics test performed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
